

Q&A'S FROM OCTOBER 2022 ALT INDUSTRY

Q1: Given the number of OTA actions awarded, can the PEO please describe which OTA prototypes have transitioned to full Army programs of record in IEW&S.

A1: One product from an OTA has transitioned to a program of record, MAPS GEN II

Q2: Can you provide a link for the APG Open Innovation Lab?

A2: <https://apntoil.army.mil/>

Q3: For PM IS&A SETA Support contract, is that solicitation expected to be for Small Business?

A3: The PM will need to finalize market research before the contract strategy can be determined.

Q4: For PD-SAI: What is the status of PHAROAHs?

A4: Please contact Curt McMullen at curt.a.mcmullen.civ@army.mil

Q5: Can you provide points of contact for PEO IEW&S

A5: Brandon Pollachek, PEO IEW&S Public Affairs Officer, brandon.j.pollachek.civ@army.mil

Q6: For PM TS: We recently saw the one-year extension of Leidos' AIE contract to 2024. Do you still anticipate releasing the RFP in Q1/FY23 or will it also move to the right?

A6: PM FPS anticipates releasing the final RFP sometime during 1QTR FY 23

Q7: I didn't see an update on PD Aerostats SETA Opportunity RS3-22-0073? Can someone provide?

A7: The PD Aerostats SETA recompetes is in the early stages of the Market Research phase. An RFI was issued on BETA SAM on 01 Sept 22 and closed on 02 Oct 22. ACC anticipates releasing a second RFI to each of the RS3 IDIQ contract holders within the next week.
